Accessories – perfectly matched

What constitutes a perfectly installed floor? On one hand, it looks beautiful and on the other – and you only notice this over time – it stands out due to its durability. To achieve this, what you mainly need are the right accessories – both before and after the installation. Our underlay material and care products

are perfectly matched to the specifications of our floors, significantly increasing their durability, appearance and feel. And with our functional transition profiles and decorative skirtings you will achieve the perfect finishing touches.
